Dr. Markus Heibach
德国牙科工业协会董事总经理
Managing Director of German Dental Manufacturers (VDI)

It is an honor and pleasure for us to represent the German dental industry for the 22nd time at Dentech China in Shanghai, even though the relationship between Chinese dentists and dental technicians and German companies in dentistry and dental technology has long existed. The companies in our industry have been upgrading their products in China for many years and there are also ten that we have seen and agree during the preparation for the post-COVID exhibition.
The cooperation at Dentech China is another expression of this relationship. Representing Germany between German companies and Chinese dentists and dental technicians.
The German dental industry, renowned for its workmanship, continues to increase technologies and has cooperated with exhibitors from over 40 countries in Shanghai this year under the official auspices of the German Federal Ministry for Economic Affairs and Energy in cooperation with the Association of German Manufacturers for Industry and Commerce (VDEh) and the International Dental Association (IDA) in Cologne, Germany. The world IDA show is scheduled to take place between 14 and 18th March 2023 and will be the largest exhibition in the dental industry.
The VDI supports its member companies by providing information, providing expert information, understanding technical needs and communication work and supports international exhibitors.
Every year, the VDI's business cooperation with the German Federal Ministry for Economic Affairs and Energy (BMBWF) is supported by the German Government.
We will all participants of Dentech China 2022 a successful exhibition with many useful contacts and thank the organizers for their great preparation and organization.
We understand that the Dentech China will be a great success for all of us.

Greg Chavez
President and Chief Executive Officer
Dental Trade Alliance (DTA) USA

Welcome on behalf of the DTA and our US exhibitors to the 2022 Dentech China Congress and Exhibition in Shanghai. The Dental Trade Alliance (DTA) is a North American dental trade association representing nearly 100 dental companies including manufacturers, distributors, laboratories, and other service dental companies. This provides amazing tools and services for every international dental office.
DTA assists US manufacturers to provide the highest quality American made, equipment, infection control products, disposables, pharmaceuticals and services to critical healthcare providers like physicians, across the globe. This includes dental offices in Shanghai and in each province of the People's Republic of China. It is a great honor and a privilege for US companies to participate in the Dentech China Meeting and an opportunity to connect with local dentists. This permits dental professionals to view the latest technologies from the USA.
Many US manufacturers are exhibiting at the 2022 Dentech China Meeting in the US Pavilion despite the challenges of a pandemic. US manufacturers are eager to meet with you and other local dentists and healthcare providers. The goal is to provide the Shanghai and health community with the newest dental products and technologies for your patients. US companies handled thousands of orders to meet with you online and in direct consultation, discuss your patients' needs and challenges. Please take extra time during the Dentech China Meeting to visit with each US company. Ask them about their latest technologies and then show specialists for their dental practice or clinic.
Our best wishes to everyone attending the Dentech China Meeting. Thank you for taking the time to meet with our US companies. It is time very well spent. Together, you and our USA exhibitors, are part of a team with a great commitment to improving oral health for your patients, and for the Chinese people.
Sincerely,
Greg Chavez

LIM HOON TEAK
韩国齿科材料产业协会主席
Chairman, Korean Dental Industry Association

It is a great honor for us to attend a privilege and pleasure.
I have many reasons to be participants in the 2022 Dentech China 2022. Dentech China 2022 is a true indication of the rapid development of dentistry and dental technology in the China. It is my great pleasure and honor to have the opportunity to represent Korea's most progressive and specialized exhibitors, Dentech China 2022.
We've struggled with the COVID-19 pandemic that started last year, but we're well recovering, and I think the Dentech China exhibition will be held in good condition.
This year, Korean companies will also participate at Korea Pavilion in this exhibition and they feature their equipment.
I believe Korea firm participate in international exhibits for several reasons. First of all, they hope to find out the international and local equipment information directly in China.
I hope Korean manufacturers will endeavor to boost their brand recognition to cater to the taste of Chinese customers and to reinforce their position in the growing Chinese dental market.
Through the event, the Korean industry demonstrated its potential and regained its confidence in taking a great leap forward. To develop the Korean dental equipment industry, the manufacturing industry should be advanced. It is also important for the industry to promote itself through various occasions such as this event.
Most importantly, through this event, the Korean industry was able to broaden its horizons and regain its confidence, serving as a motivation to expand its R&D capability and customer service.
I hope more Korean manufacturing firms will participate in various exhibits, boost their self-reliance to respond quickly to global trends, and promote the ever-growing position of the Korean dental equipment industry.
Finally, I would like to express my gratitude to Dentech China 2022 and wish all a successful exhibition.

James Heneral
Consul General
U.S. Consulate General
Shanghai, China

Dear Dentech China 2022 Participants,
On behalf of the U.S. Consulate General in Shanghai, it is an honor to welcome all exhibitors and attendees to this year's Dentech China Trade Show. Our goal is to promote the export of American products and services, and to believe that the Chinese dental technology system is full of great America. Dentech China 2022 has built on the success of previous years to distinguish itself as an important platform to connect with local industry players. The global business developed at this show provides a unique opportunity for US companies to come together and explore ways to enhance business opportunities in dentistry technology industries.
We are delighted to promote this year's exhibit hall. We'll have 11 US companies within the USA Pavilion and a total of 126 US exhibitors and 120000 opportunities at the post-COVID exhibition hall to display products and services. The U.S. Consulate General is ready to help connect American exhibitors with Chinese buyers! We welcome you visit to the USA Pavilion.
Dear visitors to a successful show and welcome back to connecting with you at Dentech China 2022.
James Heneral

邀请函
INVITATION LETTER

Dear Colleagues, Ladies and Gentlemen,

It is my great pleasure to invite you all to participate in the 26th DenTech China to be held in Shanghai from October 18 to 21, 2022.

Since it was founded in 1994 and continuously supported by China Association for Science and Technology and local public health organizations, DenTech China has become a top-level exhibition of dental instruments and techniques and provides a well-known academic platform where professional expertise, dentists, scholars, researchers meet together for inspiring minds, sharing knowledge, developing friendship, as well as trading the newly innovative instruments and equipment from all over the world in Shanghai, China each year.

Shanghai was originally a small agricultural village and developed during the late Qing dynasty as one of China's principal trading ports. Since the economic reforms of the early 1990s, the city has become one of Asia's financial centers and the world's busiest container port. Now Shanghai is the most influential economic, financial, international trade, and cultural center in China. As for the perfect blend of cultures, the modern and the traditional, and the western and the oriental, Shanghai is a popular travel destination for visitors. The Bund, Yuyuan Garden, Classic and Modern architecture, Shanghai Museum and Disneyland Park are memorable attractions. In particular, autumn is a golden season to taste the most famous local cuisine, Shanghai hairy crab.

On behalf of the Organizing Committee of DenTech China 2022, I sincerely invite you all to attend this annual special event from both overseas and homeland. We assure that you will have wonderful time. Shanghai is a city where you once come to, and you never forget in your mind.

Look forward to seeing you at the 26th DenTech China in 2022!

With best regards,

Guo Lian

展馆介绍 VENUE FOR DENTECH CHINA 2022

上海世博展览馆傲踞 2010 年上海世博会顶级核心区域,是成就一流展会盛事的至优选择。

上海世博展览馆位于世博轴西侧,紧邻中华艺术宫、世博中心以及梅塞德斯-奔驰文化中心。她连接南浦大桥、卢浦大桥、打浦路隧道、西藏南路隧道等过江要道,坐拥周边数十条公交线路,轨道交通 7、8 号线(耀华路站)、8 号线(中华艺术宫站)、13 号线(世博大道站)均可到达展馆。

2021年第二十五届中国国际口腔器材展览会暨学术研讨会在上海世博展览馆成功举办,并将于2022年10月18日至10月21日举办第二十六届中国国际口腔器材展览会暨学术研讨会。

Shanghai World Expo Exhibition and Convention Center (SWECC) is located in the heart of the 2010 Shanghai World Expo site, which is considered as the primary choice for the professionals of first-class international events.

SWECC, which is located on the east riverside of the Huangpu River, west of the Shanghai World Expo Axis, is adjoined with the China Art Museum, Mercedes-Benz Arena and Expo Centre by the Expo Axis. The convenient transportation results from SWECC's excellent location connected by the over-river thoroughfares, such as: Nanpu Bridge, Lupu Bridge, Dapu Tunnel, Shangnan Rd. and Yaohua Rd.. SWECC is in the area which is surrounded by dozens of bus stations. The through metro line 7, 8 (Yaohua Rd.), line 8 (China Art Museum) and line 13 (Shibo Avenue) will take you to the destination as well.

DenTech China 2021 was successfully held at Shanghai World Expo Exhibition and Convention Center and DenTech China 2022 will be held again at the same venue On October 18 - 21, 2022.
